- **Display:** 5½ digits 17mm(0.625")7-segment LCD with optional backlight for comfortable reading
- **Units of measuring:** kg, lb, lb:oz
- **Power:** 6V 500mA AC adapter (included) or 4xAAA batteries (not included)
- **Communication:** Optional RS232 interface allow to transmit data to PC
- **Function:** Full range tare, auto zero tracking, programmable power-off, low power and overload indication, weighing, simple counting

Specifications

Item	Parameters
Display	LCD display with optional backlight
Function Keys	UNIT, TARE, ON/OFF/ZERO
Power	6VDC 500mA adapter (included) or 4xAAA batteries (not included)
Loadcell capability	4@350 ohm
Excitation voltage	5V DC
Communication	Full duplex RS232 interface
Dimensions	162mm(L)x80mm(W)x29mm (H) / 6.4" (L)x3.2" (W)x1.2" (H)
Packing size	57x47x54cm/20pcs/ctn G.W.:28kg N.W.:26kg
Operation Temp	0°C to 40°C (32°F to 104°F)
Options	RS232 cable, load cell cable
