Provide the Solution

VWB

**WIRED OR WIRELESS
PORTABLE WEIGHBEAMS
MILD STEEL OR STAINLESS STEEL
PORTABLE WEIGHING SCALES**

QUALITY UK MANUFACTURING FOR OVER 25 YEARS

- Built to Last - 12 month manufacturer's warranty
- Wired or Wireless Solutions
- Highly Portable models with Lifting Handles
- Static model with Floor Fixing Lugs
- Stainless or Mild Steel Construction
- IP67 or IP69K stainless steel OIML loadcells
- Various standard sizes and capacities
- Custom sizes and capacities available

The high quality VWB range of space saving weighing solutions offers accurate and reliable weighing performance without the need for permanent installations. The VWB weighbeams provide wired or wireless pallet weighing making them ideal for busy logistics, factories or stocking warehouses. The VWBL beams come with convenient carry handles allowing them to be carried to the weighing location and stored out of the way when not in use. The VWBS model includes floor fixing lugs allowing it to be located in one place on a semi-permanent basis. All VW weighbeams come with a 12 month manufacturer's warranty and feature OIML approved loadcells and a sealed stainless junction box, ensuring accurate and reliable weighing performance in the harshest of environments.

CLASS III VERIFIED

Our ISO 9001:2015 registration includes our quality system approval for Self Verification, allowing us to test and certify scales for trade use here at our factory. All VW platforms use OIML approved loadcells and are designed for Class III approval.

CUSTOMER SUPPORT

We provide the highest level of before and after sales and service support. Our technical staff are highly experienced and knowledgeable in all aspects of the weighing industry and are ready to provide support and advice on any of our products.

QUALITY

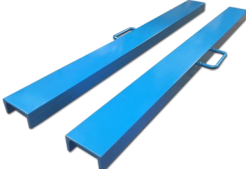

Our ISO 9001:2015 registration ensures that all of our platforms are manufactured to strict quality standards and are fully QA tested and calibrated by our highly trained engineers.

EXPERIENCE

The quality and reliability of the VW range of industrial weighing scales is the result of over 25 years of design and manufacturing experience.

RELIABILITY

The VW range is built to last. We use quality components and will not compromise on material and build quality. All of our loadcells are OIML approved and all platforms can be Class III verified as required.

MODEL	CONSTRUCTION	WIRED/WIRELESS	DIMENSIONS*
 <p>VWBS</p>	<p>Mild Steel 2 Piece (Top Plate and Bottom Frame) Inc. Floor Fixing Lugs</p>	Wired	<p>Length: 1000mm Width: 125mm Height: 105mm</p>
 <p>VWBL</p>	<p>Mild Steel Portable Low Profile 2 Lifting Handles</p>	Wired	<p>Length: 1200mm Width: 110mm Height: 75mm</p>
 <p>VWBLS</p>	<p>Stainless Steel Portable Low Profile 2 Lifting Handles</p>	Wired	<p>Length: 1200mm Width: 110mm Height: 75mm</p>
 <p>VWBLW</p>	<p>Mild Steel Portable Robust High Capacity 2 Lifting Handles</p>	Wireless	<p>Length: 1200mm Width: 180mm Height: 110mm Weight: 36kg/beam</p>

*Other custom dimensions available on request

SPECIFICATIONS

CAPACITY OPTIONS	<p>VWBS/L/LS: 150kg, 300kg, 600kg, 1000kg, 1500kg, 2000kg VWBLW: 2000kg, 3000kg, 5000kg, 6000kg (Higher capacity and other capacity options available on request)</p>
LOADCELLS	<p>VWBS and VWBL: 4 off Zemic OIML approved IP67 loadcells VWBLS: 4 off Flintec SB14 OIML IP69K stainless steel loadcells VWBLW: 4 off Flintec SLB OIML IP67 stainless steel loadcells</p>
CABLE (IF REQUIRED)	5m of high quality cable with steel armoured braiding
JUNCTION BOX	Stainless steel sealed junction box and summing board

OPTIONS

- 316 Stainless Steel
- Custom Dimensions
- Extra High Capacity
- ATEX loadcells and junction box
- OIML Class III approval for trade use
- Calibration Certificate to National Standards
- Custom Colours
- Extra Handles for lifting
